The service explicitly excludes nursing care, detentions under the Mental Health Act 1983 (though accepts Section 117 aftercare), and emergency crisis admissions without planned pre-admission matching.

STATUTORY INDEPENDENCE COVENANT: HOUSING VS CARE

In strict adherence to CQC statutory policy 'Right support, right care, right culture', residents hold an Assured Shorthold Tenancy (AST) with the property owner (ADOV Limited) granting exclusive possession and full legal rights as tenants. Personal care is commissioned separately by Luton Borough Council or NHS BLMK ICB and provided by ADOV Care Group Limited under an independent Care Agreement. A tenant's right of occupation is legally independent of their care provider choice, fulfilling all statutory requirements for Supported Living.
