1. EXECUTIVE SUMMARY & DUAL-ENGINE ARCHITECTURE

Fairytales SMM is engineered as an agile, high-margin, dual-engine enterprise operating from High Heath Farm, Codicote. Traditional agencies suffer from high client churn because they rely on theoretical marketing without skin in the game. Fairytales SMM eliminates this vulnerability by pairing an in-house end

ENGINE 1: IN-HOUSE PRODUCT LINES

? Real-time testing lab for viral UGC & ad hooks.

? Omnichannel distribution across Amazon 3P/1P, TikTok Shop, Temu Semi-Managed, B&Q, & DTC.

? Zero-guesswork conversion feedback loop.

? Complete asset ownership and high gross margins.

ENGINE 2: STANDALONE B2B AGENCY

? External client retainers (2,250 to 8,500/mo).

? Pre-vetted creator network (100-point rubric).

? 7-Day rapid creative turnaround SLAs.

? Paid social amplification via Spark Ads & Meta.

? High EBITDA margins (24% to 27%) and recurring ARR.

STRATEGIC CORE OBJECTIVES (2026 - 2029)

1. Immediate Q4 Holiday Sprint (Days 1 - 60):

Capture peak Christmas shopping revenue across both in-house brands and external e-commerce clients seeking rapid 7-day holiday UGC and creator seedings.

2. Multi-Channel E-Commerce Dominance:

Establish operational mastery across Amazon (FBA, FBM, SFP, Vendor Central), TikTok Shop, Temu Semi-Managed, B&Q Mirakl, DTC, and Wholesale.

3. High Heath Farm Production Campus:

Transform the Codicote headquarters into a dedicated high-volume content house and physical creator testing studio.

4. Pan-European Expansion (3-Year Plan):

Scale operations into Germany (DACH hub), France (Paris hub), and Benelux/Dublin, crossing 15.2M ARR with 75+ active enterprise retainers.

EXECUTIVE GOVERNANCE ALIGNMENT

The leadership duo operates with strict accountability: the CEO commands External Growth, Enterprise Sales, and European Strategy; the Managing Partner commands Internal Campaign Execution, SLA Enforcement, and Profitability. Full governance SOP detailed on Pages 7 & 8.

2. MULTI-CHANNEL E-COMMERCE ARCHITECTURE

To maximize retail volume, eliminate platform dependency, and maintain high margin resilience, the in-house brand operates across seven distinct distribution channels coordinated through a central Order Management System (Linnworks/ChannelEngine) and 3PL fulfillment network.

CHANNEL	MODEL	DISPATCH SLA	TARGET MARGIN	KEY OPERATIONAL MANDATE
Amazon FBA	3P Prime	Amazon standard	22% - 30% Net	IPI > 500, Vine reviews, A+ Brand Story
Amazon FBM	3P Merchant	Same-day / 24h	30% - 40% Net	VTR > 95%, Late Shipment Rate < 4%
Amazon SFP	Seller Prime	Nationwide 1-2 day	28% - 38% Net	Buy Shipping API, weekend shipping ops
Vendor Central	1P Wholesale	Weekly PO window	18% - 25% Net	EDI 856 ASN compliance, zero chargebacks
TikTok Shop	Social Comm	48h dispatch	25% - 35% Net	Affiliate open/targeted collabs, Spark Ads
Temu	Semi-Managed	24-48h domestic	20% - 30% Net	Fast local 3PL dispatch, volume scale
B&Q (Mirakl)	UK Retail	48h dispatch	25% - 35% Net	GTIN categorization, UKCA/CE compliance
DTC Website	Shopify Plus	24h dispatch	45% - 60% Net	Klaviyo retention flows, 1-click checkout
B2B Wholesale	Trade Desk	Pallet / LTL	35% - 45% Net	Strict MAP policy, Proforma & Net 30/60

AMAZON HYBRID GOVERNANCE & LOGISTICS INVENTORY BUFFERING

1. Amazon Hybrid Model: Operating both 3P (Seller Central) and 1P (Vendor Central) ensures complete catalog protection. If Amazon temporarily pauses 1P wholesale Purchase Orders, 3P FBA/FBM listings automatically win the Buy Box without lost sales rank. Never offer discounts to 1P that violate MAP. 2. Centralized Inventory Buffer Rules: To prevent overselling and protect Seller Fulfilled Prime (SFP) and TikTok Shop SLAs, a virtual buffer of -3 units is dynamically held back on high-velocity social channels whenever warehouse stock drops below 15 units. Sync frequency set to every 5 minutes.

B2B WHOLESALE TRADE DESK & MAP ENFORCEMENT

Wholesale accounts are structured across 3 tiers (Boutique 40% off, Regional Distributor 50% off, National Chains 55-60% off). All wholesale partners MUST sign the legally binding Minimum Advertised Price (MAP) Agreement strictly prohibiting unauthorized resale on Amazon, TikTok Shop, or Temu.

3. STANDALONE FAIRYTALES SMM AGENCY & CREATOR ENGINE

Fairytales SMM is incorporated as a standalone agency providing high-impact creator marketing, UGC video production, and social commerce retainers to external corporate clients. Our core differentiator is performance: every creative is engineered with 3-second hook variations and whitelisted for paid ad scale.
