1.0 PUBLIC SECTOR COMMISSIONING MANDATE & LOCAL REPATRIATION IN LUTON

Luton Borough Council Adult Social Care and the Bedfordshire, Luton and Milton Keynes Integrated Care Board (BLMK ICB) face acute commissioning pressures for adults diagnosed with autism spectrum conditions and severe learning disabilities. Due to a historical lack of high-acuity local supported accommodation, dozens of Luton citizens are currently placed in high-cost, out-of-borough independent hospitals, assessment and treatment units (ATUs), or external residential care homes at unsustainable rates ranging from £4,500 to £7,500 per week. ADOV Care Group establishes an 8-bed specialist campus at 78 and 80 Marston Gardens, Luton, delivering an institutional-quality, localized repatriation solution that returns vulnerable citizens to their home borough, reconnects them with their families, and eliminates massive out-of-area commissioning deficits.

NATIONAL STATUTORY ALIGNMENT: THE TRANSFORMING CARE AGENDA

The ADOV Care Group campus directly operationalizes the government's statutory mandate under 'Building the Right Support' and the NHS Long Term Plan: ending inappropriate institutional inpatient admissions for people with learning disabilities and autism by developing high-quality, person-centred community housing. Supported living under Positive Behaviour Support (PBS) represents the definitive gold-standard care model endorsed by the Department of Health and Social Care and the Care Quality Commission.

2.0 VALUE FOR MONEY (VFM) & PUBLIC SECTOR COST SAVINGS

A rigorous comparative benchmarking analysis demonstrates that commissioning 8 beds with ADOV Care Group generates over £1.31M in annual cash savings for Luton Borough Council and the NHS compared to private specialist hospitals, and over £603k in savings compared to out-of-county Class C2 care homes.

3.0 SOCIAL VALUE, LOCAL EMPLOYMENT & ECONOMIC REINVESTMENT

In accordance with the Public Services (Social Value) Act 2012, ADOV Care Group delivers measurable, enduring economic and social benefits to the Borough of Luton:

Social Value & Community Impact Commitments

REAL LIVING WAGE EMPLOYMENT

Creation of 25–30 permanent care positions (Support Workers, Team Leaders, Maintenance) recruited locally from LU1, LU2, and LU3 at or above the Real Living Wage.

FAMILY COHESION & WELLBEING

Repatriating Luton citizens allows weekly family visits and active involvement in care planning, ending the severe emotional distress of 100+ mile out-of-county travels.

LOCAL SUPPLY CHAIN REINVESTMENT

Provisions, maintenance, sensory equipment, and specialist trades are procured directly from independent Luton and Bedfordshire commercial suppliers.

EMERGENCY SERVICES RELIEF

Specialist PBS de-escalation environments reduce 999 emergency call-outs, hospital A&E crisis attendances, and mental health crisis team interventions by over 80%.

4.0 COMMISSIONING PROCUREMENT PATHWAYS & CONTRACTING

ADOV Care Group contracts through established statutory procurement vehicles: (1) Luton Borough Council Supported Living Dynamic Purchasing System (DPS AT1115 via ProContract); (2) NHS BLMK ICB Continuing Healthcare (CHC) Framework; and (3) Section 117 Mental Health Act joint funding agreements, providing transparent, auditable individual placement agreements (IPAs).
