PHOTOGRAPHIC & ARCHITECTURAL CAMPUS MASTERPLAN

Room-by-Room Spatial Layouts, Sanitary Engineering, Environmental Specifications & Turnkey Works Schedule

Campus Subject	78, 80 & 82 Marston Gardens, Luton, Bedfordshire, LU2 7DY	**Total Usable Area**	Over 3,800 sq ft across 3 residential properties
Freehold Landlord	ADOV LIMITED (Freehold Real Estate Co)	**Outdoor Grounds**	2 x 100ft private landscaped rear gardens plus executive grounds at 82
Operating Provider	ADOV Care Group LIMITED (Specialist Supported Living)	**Parking Topology**	8 dedicated off-street driveway parking bays + 2 lockable garages
Lead Surveyor	Healthcare Architectural Surveyor // Project Planned by AbdullahMamun.com	**Survey Date**	October 2026 // Definitive Architectural Edition

3,800+ sq ft
Campus Footprint
3 conjoined residential properties

8 Beds
Supported Living
5 beds in 78 // 3 beds in 80

4 Wet Rooms
Sanitary Assets
High-grade non-slip wetrooms

8 Bays + 2 Garages
Highways Capacity
Zero on-street parking

100% Compliant
Building Standards
Part B, E, M & CQC SAF

1.0 CAMPUS TOPOLOGY, ELEVATIONS & SITE LAYOUT

78, 80, and 82 Marston Gardens represent an exceptional social care infrastructure cluster. Numbers 78 and 80 form a handsome, symmetrical pair of conjoined two-storey semi-detached properties, while Number 82 stands immediately adjacent. The site layout benefits from substantial flanking land, providing two separate wide private driveways capable of accommodating 8 vehicles off-street, flanked by two brick-built garages. To the rear, both properties open onto magnificent 100-foot secluded gardens backing onto mature trees, providing a therapeutic, low-arousal outdoor environment perfectly suited to adults with autism spectrum conditions.

2.0 ROOM-BY-ROOM ARCHITECTURAL & SANITARY REGISTER

The architectural layout has been comprehensively surveyed to verify spatial dimensions, ceiling clearances, acoustic integrity, and sanitary compliance with CQC and local authority standards.

Table 17.1: Comprehensive Room-by-Room Spatial & Sanitary Register

Campus Unit	Specific Room & Purpose	Floor Area	Ceiling Ht	Sanitary Specification	Acoustic & Fire Spec
No. 78 Marston	Bed 1 (Ground Floor - Primary)	14.2 m²	2.45 m	Private ensuite wetroom with level drain & TMV3 shower	Soundbloc 48dB; FD30S fire door
No. 78 Marston	Bed 2 (First Floor - Front)	15.0 m²	2.40 m	New private ensuite wetroom (WP-02 CapEx addition)	Soundbloc 48dB; FD30S fire door
No. 78 Marston	Bed 3 (First Floor - Rear)	13.8 m²	2.40 m	Direct access to large communal first-floor wetroom	Soundbloc 46dB; FD30S fire door
No. 78 Marston	Bed 4 (First Floor - Rear)	12.5 m²	2.40 m	Direct access to large communal first-floor wetroom	Soundbloc 46dB; FD30S fire door
No. 78 Marston	Bed 5 (First Floor - Side)	12.8 m²	2.40 m	Direct access to large communal first-floor wetroom	Soundbloc 46dB; FD30S fire door

Table 17.1: Comprehensive Room-by-Room Spatial & Sanitary Register (Continued)

Campus Unit	Specific Room & Purpose	Floor Area	Ceiling Ht	Sanitary Specification	Acoustic & Fire Spec
No. 78 Marston	Communal Living & Dining Lounge	26.5 m²	2.45 m	Ground-floor accessible cloakroom WC with low-level basin	Acoustic ceiling; BS 5839 optical
No. 78 Marston	Domestic Training Kitchen	14.0 m²	2.45 m	Double stainless sink; commercial dishwasher; safety induction	Heat detector; non-slip vinyl
No. 80 Marston	Bed 1 (Ground Floor - Sensory)	15.5 m²	2.45 m	Direct access to ground-floor accessible wetroom	Soundbloc 48dB; low-arousal lights
No. 80 Marston	Bed 2 (First Floor - Master)	16.0 m²	2.40 m	Direct access to communal wetroom & separate cloakroom WC	Soundbloc 48dB; garden view
No. 80 Marston	Bed 3 (First Floor - Front)	14.5 m²	2.40 m	Direct access to communal wetroom & separate cloakroom WC	Soundbloc 48dB; bay window
No. 80 Marston	Sensory De-escalation Suite	18.2 m²	2.45 m	Adjacent to ground-floor wetroom	Acoustic padding; fiber-optic sensory
No. 80 Marston	Registered Management Office	12.0 m²	2.45 m	Staff cloakroom WC	BS 2881 CD safe; secure records hub
